2011 Annual Report

“Dedicated to Service and Protection”

MESSAGE FROM THE CHIEF

Welcome to the North Canton Police Department 2011 year-end report. It is our sincere hope that within the pages of the year-end report you will find information about activities of the North Canton Police Department, our community and the services we provide.

The contents of this report represent only a small fraction of the supportive work performed by members of the police department, on a daily basis. We strive to give the best possible service to the community.

As Chief of the North Canton Police Department, I am proud to say that your police department is consistently striving to meet the needs of the citizens of the City of North Canton through open communication that allows you, the community, to communicate to us your needs. While the Department has undergone major changes within the last year, what has not changed is our core belief that effective and efficient law enforcement starts with a strong community bond - it is what creates "Excellence in Policing."

Respectfully, *Stephan B. Wilder*
Stephan B. Wilder, Chief of Police

MISSION STATEMENT

THE NORTH CANTON POLICE DEPARTMENT IS COMMITTED TO PROTECT AND SERVE THE PUBLIC WITH FAIRNESS, IMPARTIALITY AND RESPECT IN ACCORDANCE WITH THE LAW, WITH THE GOAL OF MAKING THE CITY OF NORTH CANTON A SAFE AND DESIRABLE PLACE TO LIVE, LEARN, WORK, AND VISIT.

PERSONNEL

The North Canton Police Department is a full time professional law enforcement organization providing 24-hour service to the citizens of North Canton, Ohio. During the 2011-2012 year the police department encountered a dramatic transition in its personnel and staffing levels. This is partly due to a plan by complying with City Ordinance No. 9-10 Section 24, "Authorized Manpower".

- Four of the six Police Lieutenant positions were reduced through attrition and were filled as four Police Sergeants positions reducing a good portion of full-time 2011 wages and benefits. However, there was an increase in overtime wages for both the patrol and dispatch areas of service.
- Four part-time officers and one part-time dispatcher were hired to help compensate for the staffing and services rendered.
- In 2012, a fifth Sergeant Position was created and a Lieutenant position was eliminated which contributes to a budget savings.

Looking back in 2011, the police department was significantly impacted by the following changes in staff and retirements.

- Lt. Joe Nist retired.
- Lt. Ron Steadman retired.
- Lt. Mike Wurgler retired.
- Special Patrolman Dick Schaffner retired.
- Chief of Police Mike Grimes retired (Appointed to the position of North Canton City Administrator/Safety Director.)
- Lt. Steve Wilder was promoted to Chief of Police.
- Ptl. John Minock was promoted to Sergeant. (Ptl. position not filled)
- Ptl. Frank Kemp was promoted to Sergeant. (Ptl. Position not filled)
- Ptl. Shawn Bates was promoted to Sergeant. (Ptl. Position not filled)

- **Ptl. Ron Mizner was promoted to Sergeant. (Ptl. Position not filled)**
- **Chief Dispatcher Pat Yagielski retired. (No promotion / dispatcher position not filled)**

Patrol /Support Services:

- **Dispatch / 911Communications center – 24 hour dispatching for Police, Fire, and Emergency Services (EMS) – 6 dispatchers**
- **Special Response Team (SRT) – 10 officers with 2 trained crisis negotiators**
- **Bike Patrol – 6 officers**
- **Detective Bureau – 2 detectives**
- **School Resource Officers (SRO's) – 2**
- **Crime Prevention – Entire department (1- certified)**
- **Field Training Officers (FTO's) – 6 officers**
- **Property – 3 officers**
- **Training – 3 officers**
- **Internet Technology (IT) – 3 (1 officer / 2 dispatchers)**
- **Patrol Division – 13 officers**
- **Stark County OVI Task Force – 6 officers**
- **ICAC (Internet Crimes Against Children)- 2 Investigators**
- **Stark County Metropolitan Narcotics Bureau – 1 Officer**

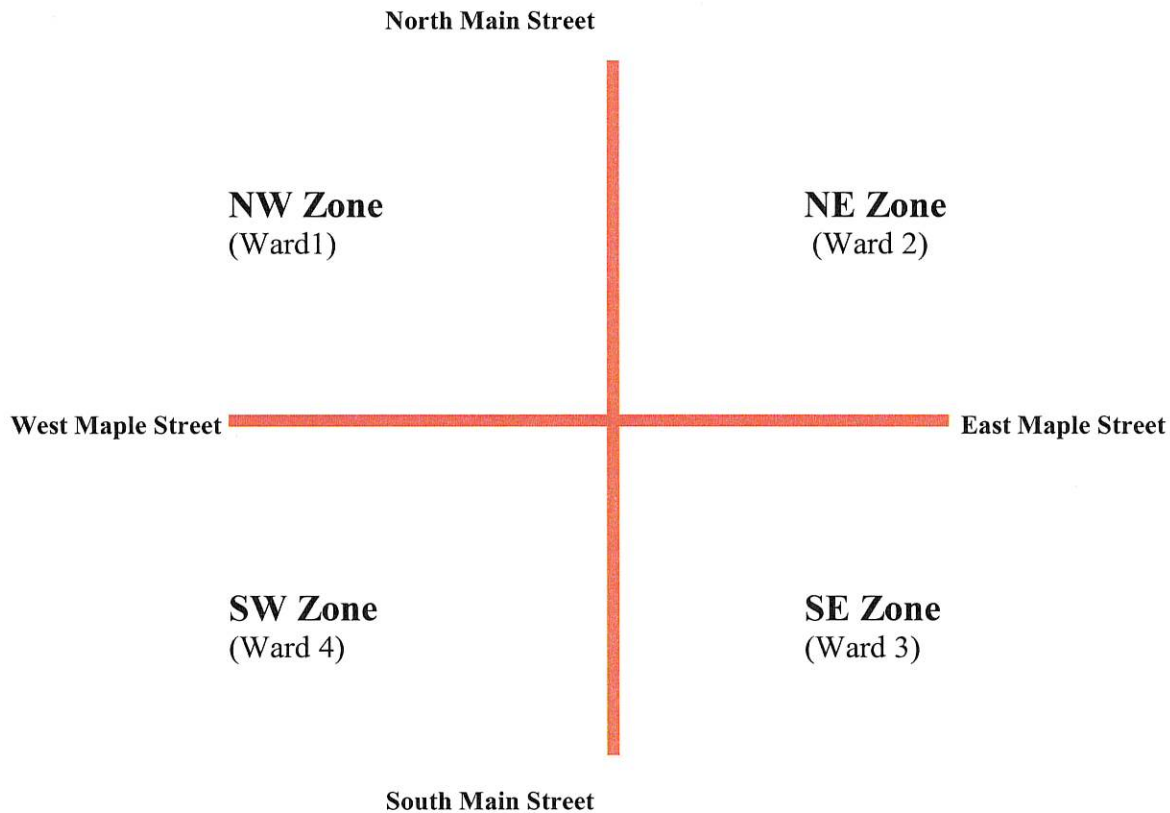

Grant Assistance:

- **\$9,882.69 (2011 – 2012 Ohio Drug Prevention and Education Grant)**
- **\$1,584.00 (2011 Third Grade Safety / Seatbelt Education Program Grant)**
- **\$18,000.00 (2011-2012 Homeland Security Grant for License Plate Reader (LPR) to be delivered in 2012.**

UNIFORMED PATROL DIVISION

The Patrol Division comprises the largest segment of the department and is the most visible element. The Patrol Division is on duty twenty-four hours a day seven days a week. Most of the patrol officers are assigned to the day shift, afternoon shift, or the midnight shift. One patrol officer is assigned to the swing shift to fill in as needed. There is a supervisor assigned to each shift, and the supervisors report to the Patrol Commander. The Patrol Commander reports directly to the Chief of Police.

POLICE ZONES

For patrol purposes the city is divided up into four quadrants or zones. These zones match the street name direction designators to keep things simple. Depending on the shift and manpower there can be one patrol car assigned to each zone. At the minimum there will be a patrol car assigned to patrol both northern zones and one assigned to patrol both southern zones. In addition to the zone cars, there may

be a floating car, which will randomly patrol all four zones. Additional cars can be assigned to special patrol duties such as traffic enforcement, neighborhoods, accidents, etc.

The patrol officers are the first responders to a wide range of different calls ranging from domestic disputes, robberies, assaults, suspicious persons, noise complaints, and alarms. The patrol officers are the backbone of the police department and are directly responsible for our reputation of delivering great service. Most of the Patrol Division officers also have other duties or responsibilities in addition to their patrol duties.

Traffic issues and enforcement are a major responsibility of the Patrol Division, and probably account for most of the patrol officer's time. These duties include parking and traffic enforcement and crash investigation.

TRAFFIC ENFORCEMENT

A citation can be issued for a violation of the traffic section of the City Ordinances or the Ohio Revised Code. Mayor's court can only try violations of City Ordinances. The Canton Municipal Court can try violations of both City Ordinances and the Ohio Revised Code. The Stark County Family Court handles all juvenile traffic violations.

Officers have the discretion to issue a written warning for a traffic violation instead of a citation. This is sometimes done for minor offenses, equipment defects, recently expired license plates, or any other offense where a warning will suffice to promote compliance with the traffic code. Warnings are kept on file and the warning file is checked when a driver is stopped by an officer. This helps ensure that the same person does not receive multiple warnings for the same offense.

Parking tickets are issued for various violations of the Parking Ordinance. These include but are not limited to handicapped parking, fire lane, overtime, and no parking zone violations.

TRAFFIC CITATIONS AND WARNINGS

YEAR	TRAFFIC CITATIONS	WRITTEN WARNINGS	PARKING TICKETS
2006	1628	2461	1015
2007	1297	2022	937
2008	1418	2177	943
2009	1495	2448	851
2010	1175	1983	671
2011	1139	1891	1386

TRAFFIC CRASHES

YEAR	TOTAL NUMBER OF CRASHES	PUBLIC PROPERTY CRASHES	PRIVATE PROPERTY CRASHES
2006	561	430	131
2007	604	462	142
2008	525	402	123
2009	513	363	150
2010	516	372	144
2011	527	400	125

OVI TASK FORCE/DUI

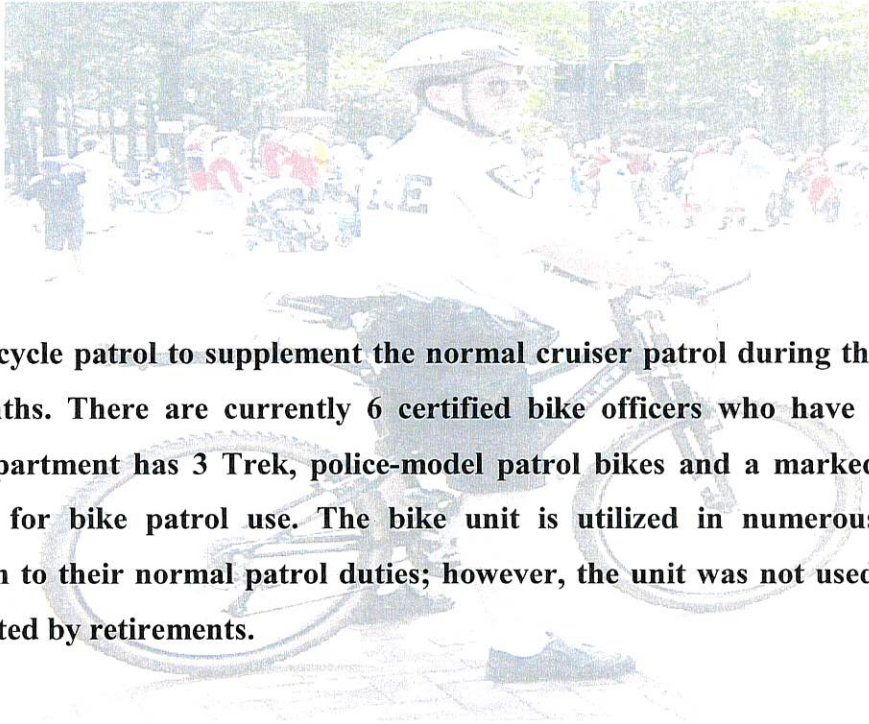

The Department is a participating member of the Stark County OVI Task Force. The Task Force is funded by a State grant with the goal of reducing OVI related traffic crashes and incidents of Operating Under the Influence (OVI). Many other local law enforcement agencies are members of the Task Force. Other partners include: Stark County Safe Communities, Stark County Health Department, MADD, area courts and prosecutors offices, media outlets, and schools throughout the county.

In July of 2011, we replaced our B. A. C. Datamaster blood alcohol-reading instrument with an Intoxilyzer 8000. All our full-time officers were trained and certified by the Ohio Department of Health to operate this new machine. The Intoxilyzer 8000 is gradually replacing all the other breath-testing instruments throughout the state. This instrument is directly linked to the Ohio Department of Health through a secure LEADS terminal line. All our DUI tests are downloaded automatically to the State, and the State continuously updates the instrument from their central office.

D. U. I. ARRESTS

YEAR	TOTAL ARRESTS	# OF ADULTS	# OF JUVENILES
2006	52	49	3
2007	74	74	0
2008	83	83	0
2009	67	67	0
2010	56	56	0
2011	39	39	0

BIKE PATROL

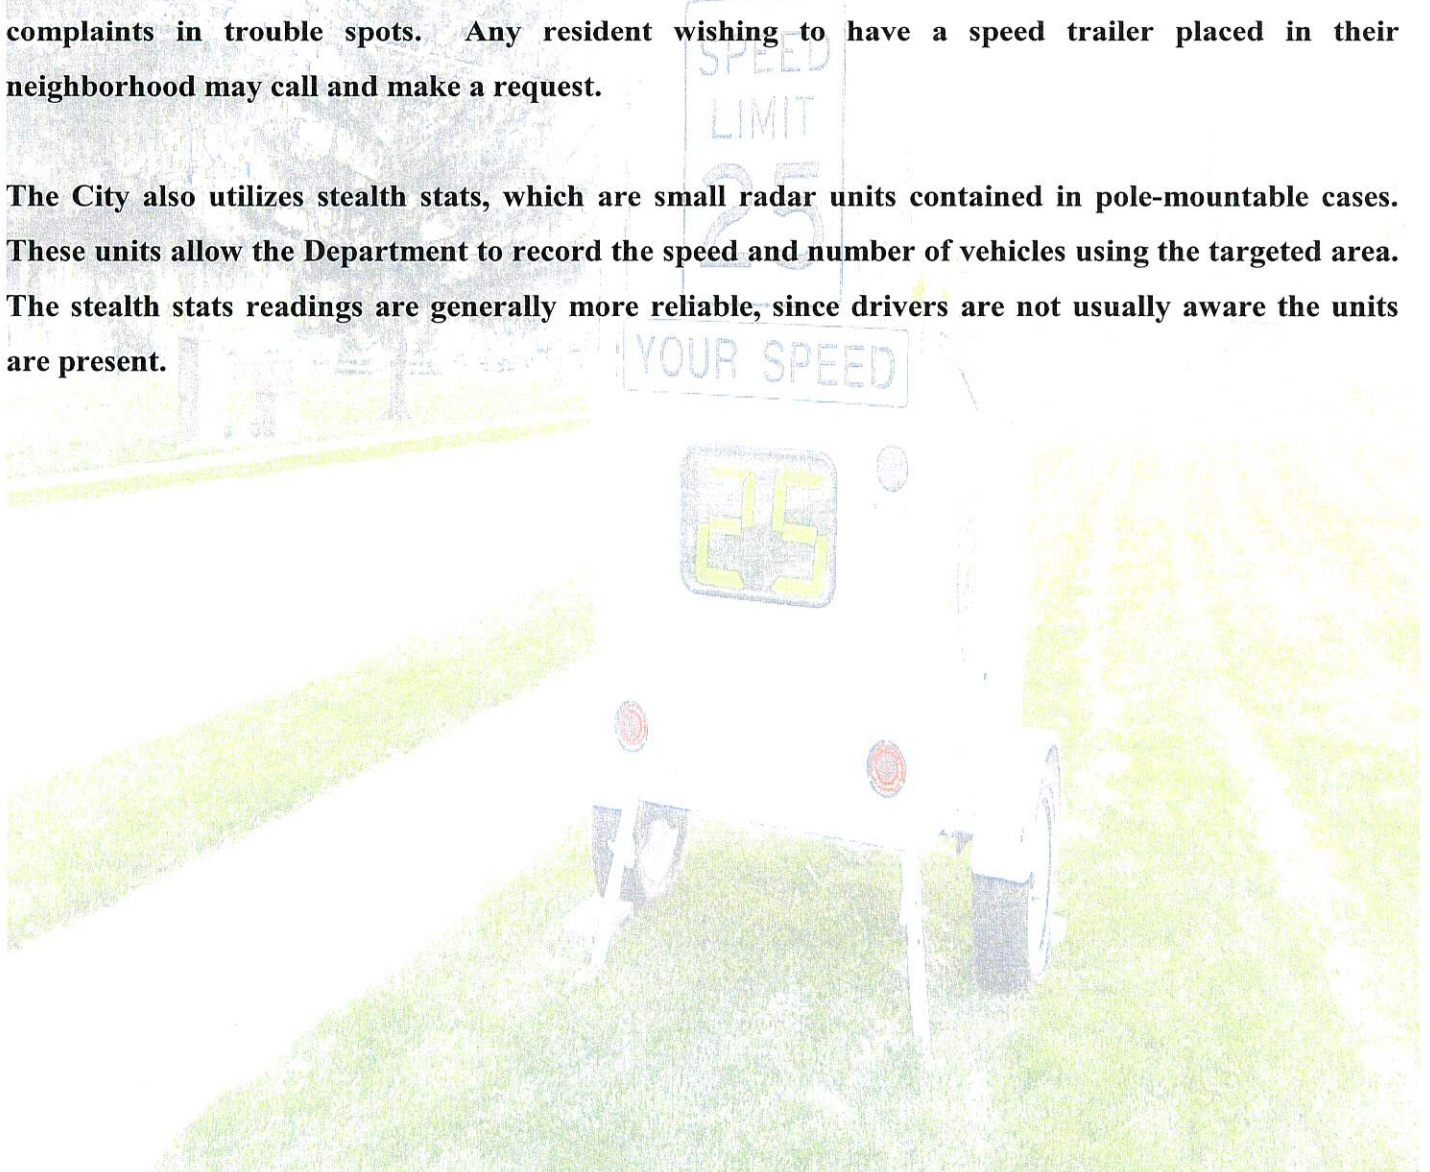

The Department utilizes a bicycle patrol to supplement the normal cruiser patrol during the spring, summer, and early fall months. There are currently 6 certified bike officers who have attended specialized training. The Department has 3 Trek, police-model patrol bikes and a marked cruiser equipped with a bike rack for bike patrol use. The bike unit is utilized in numerous special community events in addition to their normal patrol duties; however, the unit was not used in 2011 due to staffing shortages created by retirements.

SPEED MONITORING AWARENESS RADAR TRAILER

(S. M. A. R. T.)

The Department utilizes two **S**peed **M**onitoring **A**wareness **R**adar **T**railers to conduct traffic surveys, monitor speeds, and remind motorists of their speed. The trailers consist of a radar unit and a large numeric display, which shows the motorist's speed. During the spring and summer months of 2011 the trailer was placed on various streets around the City on a daily basis. The information that is compiled aids the Department in focusing on problem areas. The units are also utilized to conduct traffic counts, which assist in making necessary changes to existing traffic controls and substantiating complaints in trouble spots. Any resident wishing to have a speed trailer placed in their neighborhood may call and make a request.

The City also utilizes stealth stats, which are small radar units contained in pole-mountable cases. These units allow the Department to record the speed and number of vehicles using the targeted area. The stealth stats readings are generally more reliable, since drivers are not usually aware the units are present.

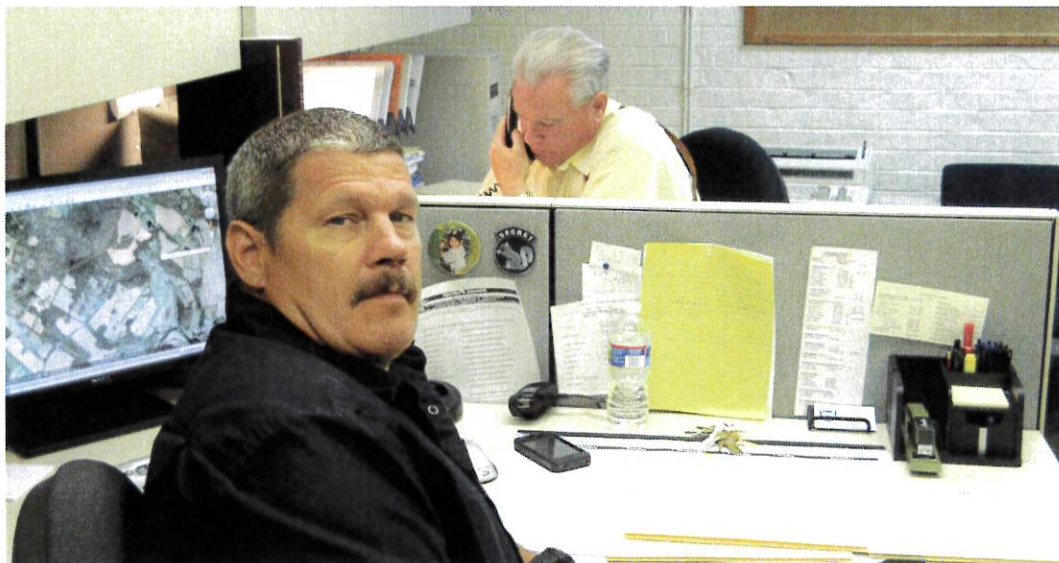

DETECTIVE BUREAU

There are currently two Officers assigned to the Detective Bureau on a full-time basis, one Lieutenant and one Patrolman. Additional Patrolmen are temporarily assigned on an as-needed basis.

In addition to investigating criminal offenses the detectives also collect crime scene evidence, transport evidence to the crime lab, and handle the Crime Watch program. The detectives also maintain a liaison with other Departments/Agencies and businesses. They attend monthly intelligence meetings at the Stark County Sheriff's Office and monthly FISO (Financial Institution Security Organization) meetings at Huntington Bank where they share information with other criminal

investigators. The detectives also conduct background investigations on candidates for hire and conduct internal investigations at the direction of the Chief. One of the detectives also works

as a School Resource Officer for the North Canton City Schools. The detectives carry out a myriad of other tasks that sometimes go unnoticed until they aren't completed.

The detectives review all reports taken by the Police Department. They review each criminal case for any solvability factors. Cases are then assigned to a detective based on these solvability factors. These investigations remain classified as "Active Open" cases until the investigation is completed. Upon completion these criminal cases are classified as "Cleared," "Unfounded," or "Inactive Open." A "Cleared" case means that, for some reason, the case has been closed. This is generally because a warrant has been issued for the offender(s). A case is also considered "Cleared" when the victim refuses to cooperate, the victim is referred to the prosecutor, the case is referred to another agency, or for other circumstances beyond the control of law enforcement. The detectives had an overall clearance rate of 62.73% in 2011.

The Detective Bureau handled several notable cases in 2011. Three of these cases involved a joint investigation with the FBI of a local bank employee. The employee was accused of defrauding five different victims of over \$500,000.00. The suspect pled guilty and is presently serving a sentence in Federal prison. The Bureau also worked with the Stark County Sheriff's Office and the Jackson Township Police in clearing approximately 80 burglaries from two separate burglary rings operating throughout Stark County. Eleven of these burglaries occurred within our City. Two suspects were charged and are presently serving time in prison. A home invasion investigation was also commenced in 2011, which later resulted in the arrest and conviction of three suspects. It should also be noted that the Detective Bureau conducted seventeen applicant background checks in 2011.

POLICE

DRUG ABUSE RESISTANCE **EDUCATION**

The Police Department had maintained a Drug Abuse Resistance Education (D.A.R.E.) program since 1992, but the program was discontinued at the end of the 2010/2011 school year. Due to budget constraints, it was felt that we could better serve the City and its youth by discontinuing this program, but increasing the number of School Resource Officers.

D.A.R.E. Instructor Patrolman Michael D. Foltz returned to his duties and responsibilities to the patrol division. Ptl. Foltz had been on this special assignment since 1996. He has been a dedicated employee in presenting the D.A.R.E. curriculum to our school children. However, his return to the patrol division was essential to the effective and efficient accomplishment of the mission of this law enforcement agency. Ptl. Foltz continues to teach the 3rd grade safety belt program, which is funded by the Ohio Department of Highway Safety.

The North Canton Police Department is sincerely appreciative of the support shared by the North Canton City School Board of Education, employees of the North Canton City Schools, North Canton City Council and Administration, community, volunteers, and youth since the D.A.R.E. program began in January of 1992. No doubt, the time and effort put into the D.A.R.E. program has been a shared investment in our youth. From the beginning it has been a proactive approach to identify, address, and prevent tobacco, alcohol, other drug issues, violence prevention, and safety issues in the school community. All this is being done in hope of children making right choices and decisions in the years to come.

The D.A.R.E. program has allowed law enforcement to be involved within the educational environment. Corresponding to this program is the involvement of the School Resource Officer.

SCHOOL RESOURCE **OFFICER**

The School Resource Officer (SRO) was accepted into the school district in 2001. Detective/Patrolman Randy Manse and then Lt. Steve Wilder were the first police officers trained and certified to implement this program. Detective Manse is still one of our School Resource Officers. He conducts his normal duties in the Detective Bureau as well as criminal investigations for the School District. He also oversees the Lock Down Drills for the school system. Now, Patrolman James Harnack has taken on the majority of SRO responsibilities. Ptl. Harnack handles most of the daily school related incidents and works closely with School Administrators to resolve problems through planning. Also, trained and certified in the role of School Resource Officer is Ptl. Matthew Rahde. Both Ptl. Harnack and Ptl. Rahde split their time patrolling the City, handling calls, and resolving any school related issues that arise.

The North Canton City School System and the Police Department were able to collaborate and obtain a grant for the 2011-2012 school year for \$9,882.69 to help offset the salaries of the School Resource Officers.

Since the beginning, a plan was established to use and make available, the School Resource Officer program in several different levels within the school district. The officer is involved in a variety of functions:

- As a visible, active law enforcement figure on school grounds dealing with related issues.
- As a classroom resource for instruction in the following areas: law related education, violence diffusion, safety programs, alcohol and drug prevention, date rape, juvenile law, social media issues (sexting), domestic violence, child abuse, gang activity and alternatives, and crime prevention.

- **Gather information regarding potential problems such as criminal activity, gang activity, student unrest, and identify particular individuals who may be a disruptive influence to the school and/or students.**
- **Take appropriate steps that are consistent with a law enforcement officer's duty when a crime occurs.**
- **Refer students and their families to the appropriate agencies for assistance when a need is determined.**
- **Refrain from acting as a school disciplinarian.**
- **Attend meetings of parent groups and faculty-wide in service sessions.**

The police department is confident that the inclusion of a more active school resource officer program will continue to provide positive education for our youth, which is critical in drug and alcohol prevention, increasing safety and reducing violence. The school and classroom are still the safest places to be.

SPECIAL RESPONSE TEAM

The Department maintains a Special Response Team, which is tasked with handling crisis situations that require a police response such as barricaded subjects and high-risk search/arrest warrants.

The team consists of 2 sergeants, 7 full-time patrolmen, 1 part-time patrolman, and 2 North Canton Fire Department medics that respond when the team is activated. When not activated, the team members perform their normally assigned duties. The team maintains a monthly training schedule that focuses on the specialized equipment and tactics they may need to employ. The team members also assist with the training of other officers on the department and can be counted on to take the tactical lead on patrol calls they respond to as part of their normal shifts.

The team was activated twice in 2011. The first call-out was in March when a male subject, allegedly armed with a handgun, barricaded himself in his apartment with his 3-year-old daughter following a domestic dispute with his wife. When patrol units were unable to make contact with the subject, the SRT was activated and responded to the scene. After evacuating adjacent apartments, officers were able to negotiate the subject's surrender into custody. The daughter was returned to her mother unharmed. The second incident occurred in September when the Police Department was contacted by a resident stating that her husband had threatened suicide with a firearm and she was unable to reach him by phone. When patrol units were unable to make contact with the subject, the SRT was activated and responded. When the SRT was unable to make contact, they gained entry and found the subject deceased from a self-inflicted gunshot wound.

PROPERTY ROOM

The property room is staffed by one Patrolman and one Sergeant on a part-time basis. They are the evidence custodians of the Department. Any evidence or property taken into custody by the Police Department is processed through the Property Room. Items range from criminal evidence, like drugs or firearms to recovered property such as a lost bicycle. During 2011 the evidence officers processed over 300 items. Items no longer needed for Court are returned to the owners. Items are released on a continuous basis. Many items are contraband and are destroyed. Useable items for which no owner can be found are sold at the annual City auction.

DEPARTMENT TRAINING

The Department has several certified instructors who conducted various training classes throughout the year. The topics covered by these instructors included, but were not limited to: firearms, less lethal systems, subject control, CPR, and LEADS. Additionally, the Department sent various officers to training classes and seminars outside the department. These included FBI's Street Survival, Sexual Assault Responder, Computer Crimes Responder, School Resource Officer training, FBI's Violent Crime Analysis, Reid Technique of Interview and Interrogation, Public records training, First Line Supervision, Supervisor's Pursuit Training, Criminal Patrol and Drug Interdiction, Tactical Handgun training, and the Chief's continuing education training.

The Department also has a Field Training Program for all newly hired part-time and full-time employees. The Department's field training is conducted in addition to the new officer's academy training and any other training they may have received with another agency prior to being hired by North Canton. Field training typically takes 14 weeks before individuals are certified to work alone and are scheduled to begin working shifts. The Field Officer training program was staffed in 2011 by a Sergeant and 5 Patrolmen who have all received specialized training for those positions. These officers were actively involved in the training of 3 new part-time officers during the year.

In addition, the Training Bureau is responsible for reviewing all Reaction to Resistance reports filed by the Department's officers each year. An officer is required by departmental policy to file a report any time a weapon is displayed or used, or physical force is used to gain compliance or overcome resistance from a subject. This review is done to make sure that policy and procedures are being followed and that any issues or patterns that may arise are addressed.

REACTION TO RESISTANCE REPORTS	2009	2010	2011
Total number of incidents which required a Reaction to Resistance Report	19	16	21
Number of those incidents which resulted in an arrest	13	13	20
Number of those incidents which resulted in claimed or observed injury	3	4	1 Officer 6 Subjects
Number of officers who generated at least one report	15	14	14
Most common levels of force used by officers include: empty hand control, pepper spray, and display of firearm.			

SCHOOL CROSSING GUARDS

The Police Department hires, trains, and helps pay for adults to be school crossing guards during the school year. These folks are responsible for the stellar safety record that we have in getting our children to and from school safely. Twice a day and in all kinds of weather these crossing guards perform their duties at eight selected sites in the City. We have crossing guards stationed at Clearmount Avenue S. E. and East Maple Street, Main and Maple Streets, West Maple Street and Hillcrest Avenue, North Main Street and Charlotte Street, Schneider Street and Clearmount Avenue S. E., 200 block of South Main Street, South Main Street and Bachtel Street, and at Glenwood Street S. W. and Fair Oaks Avenue S. W.

The information used in the preparation of this report was obtained from the records of the North Canton Police Department.

2005	163	132	50	38	37.88

EMERGENCY DISPATCH CENTER

The department operates a 24-hour Emergency Dispatch Center for the Police, Fire, and EMS Departments. The Center also maintains interaction with the Street, Sewer, Water, and Engineering Departments as well as the Walsh University Police Department.

The dispatchers are a vital and yet the least visible link between the community and each of the emergency services. Dispatchers serve multi-functions that enable the Department to keep administrative and clerical staff at a minimum. They handle thousands of calls each year that includes telephone calls, radio calls, direct alarm calls, TDD/TTY for the hearing impaired calls, 911 calls, after hours city service calls, activation of the tornado sirens, activation of the Knox Box keys, and walk-in window contacts. Calls range from the mundane such as lost dogs, parking complaints, and “what time does the parade start” to serious life and death situations such as accidents with injury, structure fires, and “I don’t feel like living anymore.” It’s the dispatcher’s responsibility to quickly assess the calls and decide what the proper emergency services response will be. This can range from simply answering a question, dispatching Police/Fire/EMS to a major incident, or keeping a suicidal caller on the line while simultaneously dispatching help.

New in 2011, is Sentinel E9-1-1 Patriot, a call-taking system that allows geo-diverse 9-1-1 and administrative call processing capabilities. At this time, only the 9-1-1 process is used. The Stark County Emergency Management Agency (EMA) provided the center with two new computers to use with this system. The Center also handles the record storage, record keeping, and record release functions of the department. The dispatchers handle the largest portion of data entry into the police computer server.

The Center handles all our own Law Enforcement Automated Data System (LEADS) and National Crime Information Center (NCIC) entries for our Department and also for the Walsh University Police Department, which is located within the city’s jurisdiction. LEADS and NCIC computers serve as an electronic communication network to retrieve driver’s license information including images, criminal history checks, warrant notifications, parole status, alerts to missing persons, notifications

about dangerous persons and incidents, and many other types of law enforcement data. New in 2011 is Authority Redhawk LT, a program that allows law enforcement to communicate car to car and car to station over a secure server to retrieve the same information.

The Center utilizes a Motorola MCC5500 radio console and, as an emergency backup, a Motorola EX600 XLS radio. The radio repeater located in the city ensures reliable communications with all police and fire units. However, should something occur to the repeater, it is an instant switch to bypass the repeater and use a “talk around” channel to keep communication lines open. The vehicles are still equipped with Motorola radios of sufficient wattage to operate safely in the city even without the repeater.

CALLS FOR SERVICES

YEAR	2006	2007	2008	2009	2010	2011
NUMBER	31276	28401	29459	29225	28107	28172

A Call For Service (CFS) is a computer entry made by the dispatcher on incidents that officers respond to, traffic stops, calls from citizens, EMS & Fire calls, hazards, arrests, other Agencies using our equipment such as the BAC Datamaster/Intoxilyzer 8000 machine, and other activities that the dispatcher or supervisor deem necessary. The CFS system allows the Department to track many activities and insures an adequate response or check when needed. Calls For Services requiring additional follow-up are monitored by supervisors to insure that all calls are handled properly. The above chart shows the number of Calls For Services handled over the past six years:

CRIMINAL CHARGES AND ARRESTS

Criminal charges are the actual filing of one or more criminal complaints with the court against a person usually in conjunction with the physical arrest of that person. Traffic citations are generally not considered arrest charges. The only exception is an arrest for operating a vehicle under the influence of alcohol/drugs (OVI), which is filed on a traffic citation. In 2011 there were 417 total criminal charges filed by the Police Department. Of those 353 were filed against adults and 64 filed against juveniles.

When any offense is reported, a Patrol Officer is dispatched and conducts the initial inquiry into the incident. Based on that, further action is taken which can include documentation on a Call For Service, beginning a preliminary criminal report-investigation, interviews, evidence collection and preservation, taking witness statements, on-scene arrests, scene preservation for additional investigators and other options. Follow-up investigation can be done by the initial officer, the Detective Bureau, other outside law enforcement agencies, non-law enforcement agencies, or in many cases a combination of two or more.

When charges are filed against an adult, that person can either be arrested and incarcerated at the Stark County Jail or issued a summons and released. This depends on the type and seriousness of the offense. The Police Department utilizes the North Canton Mayor's Court, the Canton Municipal Court, and the Stark County Common Pleas Court to prosecute criminal offenses. Mayor's Court can only try cases that involve violations of the Codified Ordinances of the City of North Canton. The Canton Municipal Court can try cases involving violations of both North Canton City Ordinances and the Ohio Revised Code. The Stark County Common Pleas Court handles felony violations of the Ohio Revised Code.

When charges are filed against a juvenile they can either be arrested and incarcerated at the Multi-County Juvenile Attention Center or sign a Promise to Appear form and be released to a parent or guardian. The Stark County Family Court – Juvenile Division has exclusive jurisdiction to try all juvenile cases.

MAJOR CRIMES FOR THE CITY OF NORTH CANTON

Year	Murder	Rape	Robbery	Aggravated Assault	Burglary	Larceny	Vehicle Theft	Arson
2007	0	4	7	4	60	192	7	5
2008	1	1	6	0	60	201	11	1
2009	0	4	5	0	49	311	3	2
2010	0	4	2	0	49	311	3	3
2011	0	5	5	0	41	333	5	1

The incidence of major crimes committed in the City in 2011 remained consistent with previous years. The exceptions being burglaries, which were down, and an increase in auto thefts.

TOTAL ARRESTS

YEAR	TOTAL # ARRESTED	ADULTS ARRESTED	JUVENILES ARRESTED
2006	482	347	135
2007	398	289	109
2008	393	306	87
2009	504	357	147
2010	399	312	87
2011	417	353	64
